

John Carney Receives Award

John Carney received the Meritorious Civilian Service Award from RADM Carr prior to his retirement November 2011. The award was based on the outstanding cost savings results achieved by the Navy ManTech team. Through the daily dedication and contribution to the success of Navy ManTech, there have been excellent implementation results and measurable benefits from the program.

About CNST

CNST is a Navy ManTech Center of Excellence, chartered by the Office of Naval Research (ONR) to identify, develop and deploy, in U.S. shipyards, advanced manufacturing technologies that will reduce the cost and time to build and repair Navy ships. For additional information on this and other CNST projects, please visit www.cnst.us.
